## 1 INTRODUCTION

### 1.1 Purpose of this document

This document contains the description of the release version 2.2.0 of the Structural Interoperability Quick Assessment Toolkit (SIQAT).

### 1.2 Release date

Version 2.2.0 of the SIQAT Survey has been released on the 25<sup>th</sup> of July 2024 on [EU Survey Portal](#).

### 1.3 Description

The SIQAT Survey is a highly user-friendly online questionnaire. Designed as a self-assessment tool, the SIQAT survey is designed for public service owners to evaluate **key structural interoperability** aspects of their digital public service. On completion of the survey, the public service owners receive tailored, confidential feedback and recommendations on how to further improve their service.

Details on the individual components of this release are provided in the below Chapter 2 “[Release components](#)”.

## 2 SIQAT v2.2.0 RELEASE COMPONENTS

The SIQAT v2.2.0 release consists of the following release components.

### 2.1 SIQAT v2.2.0 Online Survey

The SIQAT questionnaire is available as an online survey at the EU Survey portal. The following table presents the changes from the SIQAT release 2.1.0 to the SIQAT release 2.2.0.

**Table 2: Updates at the EU Survey Portal**

Modification	Details
Version 2.2.0	
SIQAT URL at the EU Survey portal	<p>Date: May 2024</p> <p>The version 2.1.0 <a href="https://ec.europa.eu/eusurvey/runner/SIQAT_v_2_1_0">https://ec.europa.eu/eusurvey/runner/SIQAT_v_2_1_0</a> has been replaced by the version 2.2.0 <a href="https://ec.europa.eu/eusurvey/runner/SIQAT_v_2_2_0">https://ec.europa.eu/eusurvey/runner/SIQAT_v_2_2_0</a>.</p>
Added Service Documentation and Knowledge section	<p>Date: May 2024</p> <p>The Service Documentation and Knowledge section has been added before the Introduction page as mandatory, in order to check if the provided answers can be elicited from the existing documentation of the digital public service.</p> <p>The following two items have been added to the Service Documentation and Knowledge section:</p> <ul style="list-style-type: none"> <li>To what extent does the service utilise readily available documented knowledge in formal or informal tangible forms, such as manuals, guidelines, written procedures, FAQs, etc., that may be shared to explicitly support its functionality, maintenance and development? <ol style="list-style-type: none"> <li><i>The service does not have any available documented knowledge in explicit forms (functional requirements, technical design, user guide, manuals, etc.)</i></li> <li><i>The service has little available documented knowledge in explicit forms (functional requirements, technical design, user guide, manuals, etc.)</i></li> <li><i>The service has some available documented knowledge in explicit forms (functional requirements, technical design, user guide, manuals, etc.)</i></li> <li><i>The service has complete available documented knowledge in explicit forms (functional requirements, technical design, user guide, manuals, etc.)</i></li> </ol> </li> <li>To what extent does the service leverage insights gained through practical experience (tacit knowledge) of its respective stakeholders to support its functionality, maintenance and development? <ol style="list-style-type: none"> <li><i>The service cannot leverage practical experience (tacit knowledge)</i></li> <li><i>The service leverages in little practical experience (tacit knowledge)</i></li> <li><i>The service leverages in some practical experience (tacit knowledge)</i></li> </ol> </li> </ul>

## SIQAT version 2.2.0 release notes

	<p>4. <i>The service leverages in deep/high practical experience (tacit knowledge).</i></p> <p>These two items activate and disable all the sections in the SIQAT questionnaire without affecting the scoring. In case the first options of each of the two items are selected ("The service does not have any available documented knowledge in explicit forms" and "The service cannot leverage practical experience"), all the sections in the SIQAT questionnaire are disabled.</p>
<b>Updated the item A4.4</b>	<p>Date: May 2024</p> <p>The item "A.4.4 <i>Please specify the email address of the provided service</i>" has been updated as "A.4.4 <i>Please specify the official email address of the contact point for the provided service</i>" in the Service Identification section of the SIQAT questionnaire.</p>
<b>Updated the item A5</b>	<p>Date: May 2024</p> <p>The item "A5. <i>Service provider: Which tier of public administration is primarily responsible for providing the service?</i>" has been updated as "A5. <i>Service provider: Which public administration tier is primarily responsible for providing the service?</i>" in the Service Identification section of the SIQAT questionnaire.</p>
<b>Updated the EIRA ABBs</b>	<p>Date: June 2024</p> <p>The following updates on the EIRA ABBs have been implemented on the SIQAT questionnaire based on the alignment with new version of EIRA v6.1.0:</p> <ul style="list-style-type: none"> <li>• The EIRA ABBs on the item "B2. <i>To what extent is the service compliant with the European Legal Acts concerning the domain of the solution?</i>" have been updated from "Service" and "Legal Act" to "European Legal Act".</li> <li>• The EIRA ABB on the item "B3. <i>To what extent legislative acts regulate the share of the service?</i>" has been updated from "Service" to "Legal Act".</li> <li>• The EIRA ABB "Service" has been removed from the item "B4. <i>To what extent legal agreements regulate the share of the service?</i>".</li> <li>• The EIRA ABBs on the item "B5. <i>To what extent are organisational agreements set in place to share the service?</i>" have been updated from "Service" and "Organisational Agreement" to "Organisational Interoperability Agreement".</li> <li>• The EIRA ABB "Service" has been removed from the item "B6. <i>To what extent are semantic interoperability agreements set in place to share the service?</i>".</li> <li>• The EIRA ABB on the item "B7. <i>To what extent are the Semantic Interoperability Specifications documented?</i>" has been updated from "Solution Specifications" to "Semantic Agreement".</li> <li>• The EIRA ABBs "Service" and "Technical Agreement" have been removed from the item "B8. <i>To what extent are technical agreements set in place to share the service?</i>".</li> <li>• The EIRA ABB on the item "B9. <i>To what extent does the shared solution rest under the owner's infrastructure?</i>" has been updated from "Computing Hosting, Networking, and Data Hosting Infrastructure" to "Hosting Facility".</li> </ul>

- The EIRA ABB “Solution Specifications” has been removed from the item *“B10. To what extent are the Technical Specifications documented?”*.
- The EIRA ABBs on the item *“C2.1. To what extent did legislative acts regulate the reuse of software?”* have been updated from “Legislation Catalogue” to “Legal Act” and “Legislation on Data Information and Knowledge Exchange”.
- The EIRA ABB on the item *“C2.5. To what extent does the application component use open standards or specifications?”* has been updated from “Solution Specifications” to “Open Data Policy”.
- The EIRA ABB on the item *“C.2.7. To what extent does the software use common/ well - known standard data representation formats?”* has been updated from “Data Extraction, Transformation, and Loading Component” to “Data Representation”.
- The EIRA ABB “Conformance Testing” has been included in the item *“C.2.12. To what extent are resources available for conformance test integration / interoperability of the service?”*.
- The EIRA ABB on the item *“C2.13. To what extent is the software portable to a different technical infrastructure?”* has been updated from “Data Portability Policy” to “Technology Interface”.
- The EIRA ABB “Adaptive Configuration” has been included in the item *“C.2.14. To what extent does your software maintain its performance constant when it is necessary to solve larger problems?”*.
- The EIRA ABB on the item *“C.2.15. To what extent will the shared solution be a part of a third-party infrastructure?”* has been updated from “Outsourcing” to “External Facility”.
- The EIRA ABBs on the item *C.3.1. To what extent are legislative acts regulating the use of the service?”* have been updated from “Legal Act Representation” and “Legislation Catalogue” to “Legislation on Digital Public Services”, “Legal Act” and “Legislation Catalogue”.
- The EIRA ABB on the item *“C.3.5. To what extent does the service provide a service usage contract?”* has been updated from “Specific Agreement” to “Agreement on Provision of Digital Public Services”.
- The EIRA ABB on the item *“C.3.6. To what extent does the service provide a standardised service contract?”* has been updated from “Specific Agreement” to “Agreement on Provision of Digital Public Services”.
- The EIRA ABB on the item *“C.3.8. To what extent does the service use common and well-known standard data representation formats?”* have been updated from “Data Extraction, Transformation, and Loading Component” to “Data Representation”.
- The EIRA ABB “Interoperable Digital Public Service Implementation Orientation” has been included in the item *“C.3.9. To what extent has the service been developed following "service orientation" good practices, such as a stateless architecture and a black-box approach?”*.
- The EIRA ABB “Trust Infrastructure Enablers” has been included in the item *“C.3.10. To what extent does the service leverage data encryption techniques?”*.
- The EIRA ABBs on the item *“C.3.12 To what extent are resources available for conformance test integration / interoperability of the service?”* have been updated from “Conformance Testing Service” to “Test enablers” and “Conformance Testing”.

## SIQAT version 2.2.0 release notes

<b>ELAP v2.0.0 principles alignment</b>	<p>Date: April 2024</p> <p>ELAP v2.0.0 alignment on the principles performed across the SIQAT questionnaire.</p>
<b>EIRA v6.1.0 alignment</b>	<p>Date: June 2024</p> <p>EIRA v6.1.0 alignment performed across the items of the SIQAT questionnaire.</p>
<b>Scoring model</b>	<p>Date: July 2024</p> <p>The existing scoring model per item of SIQAT version 2.1.0 is maintained.</p>
<b>Previous contract change requests</b>	<p>Date: July 2024</p> <p>All Change Requests (CRs) based on JIRA tickets collected during the previous contract, have been included in the SIQAT version 2.2.0.</p>
Version 2.1.0	
<b>SIQAT URL at the EU Survey portal</b>	<p>Date: November 2022</p> <p>The version 2.0.0 <a href="https://ec.europa.eu/eusurvey/runner/SIQAT_v200">https://ec.europa.eu/eusurvey/runner/SIQAT_v200</a> has been replaced by the version 2.1.0 <a href="https://ec.europa.eu/eusurvey/runner/SIQAT_v_2_1_0">https://ec.europa.eu/eusurvey/runner/SIQAT_v_2_1_0</a>.</p>
<b>Updated the SIQAT logo</b>	<p>Date: November 2022</p> <p>The SIQAT logo has been updated in order to be aligned with the Interoperable Europe identity.</p>
<b>Updated the Welcome page</b>	<p>Date: November 2022</p> <p>The Welcome page has been updated considering the Study on user experience documentation.</p> <p>The page includes the following:</p> <ul style="list-style-type: none"> <li>• The purpose of the SIQAT survey,</li> <li>• The expected output of the SIQAT survey,</li> <li>• The full name of the Survey in parenthesis.</li> </ul> <p>The following items are removed:</p> <ul style="list-style-type: none"> <li>• The version of the survey,</li> <li>• The unit of analysis paragraph,</li> <li>• The ISA product license.</li> </ul>
<b>Updated the Introduction page</b>	<p>Date: November 2022</p> <p>The Introduction page of the SIQAT questionnaire has been updated considering the Study on user experience documentation. It provides rich information about the solution's positioning, context, approach to complete, preparation information, version, contact approach, and relevant solutions. The introduction page does not require user input and allows users to skip it as needed.</p> <p>A disclaimer was added saying that "The unit of assessment is the "Digital Public Service" and is referred to as "Service" in the survey that follows"</p>

## SIQAT version 2.2.0 release notes

	The reference “Contact: For any general or technical questions, please send an email to <a href="mailto:DIGIT-IMAPS@ec.europa.eu">DIGIT-IMAPS@ec.europa.eu</a> .” has been added for contacting purposes at the SIQAT questionnaire.
<b>Updated the IMTs user journey</b>	<p>Date: November 2022</p> <p>The updated IMTs user journey has been added to the Introduction section of the IMAPS questionnaire and illustrates the structure, and the logic behind the IMTs survey starting from the IMAPS questionnaire and continues with SIQAT and GIQAT.</p>
<b>Included reference for the IMTs solutions</b>	<p>Date: November 2022</p> <p>A reference for all the Interoperability Assessment Tools (IMTs) has been added to the Introduction section of SIQAT questionnaire.</p>
<b>Included reference for the EIRA version</b>	<p>Date: November 2022</p> <p>The reference “The SIQAT survey is based on the <a href="#">European Interoperability Reference Architecture</a>, in particular to the version <b>EIRA v5.0.0</b>. The EIRA was created in the context of <a href="#">Action 2016.32</a> of the ISA<sup>2</sup> Programme and is being maintained under the Interoperable Europe public initiative. The EIRA provides a common terminology that can be used by people working for public administrations in various architecture and system development tasks.” has been added in the Introduction section of SIQAT questionnaire.</p>
<b>Added the Legal notices section</b>	<p>Date: November 2022</p> <p>The SIQAT survey’s Introduction section should be followed by the Legal notices section regarding the Study on user experience documentation. The Legal notices section includes clearly communicating legal information, licensing information and disclaimers, generally anything linked to user approval and consent.</p> <p>This page also collects the user’s consent on the sharing and processing of data, any relevant publishing of information, as well as the user’s willingness to be contacted.</p> <p>The privacy statement was also added in this section.</p>
<b>Included disclaimer for the responsibility of European Commission</b>	<p>Date: November 2022</p> <p>The EC’s logo and the disclaimer “By no means will the Interoperability assessment imply any endorsement of the EC to the assessed specification. Likewise, the use of SIQAT© implies that the user accepts that the EC is not liable on the assessment nor on any direct or indirect consequence/decision of such assessment.” has been added in the Legal notices section of SIQAT questionnaire.</p>
<b>Updated the table with maturity levels</b>	<p>Date: November 2022</p> <p>The SIQAT table with the maturity levels has been updated to be compliant with GIQAT and IMAPS. The scoring was removed.</p>
