1 INTRODUCTION

1.1 Purpose of this document

This document contains the description of the release version 2.2.0 of the Governance Interoperability Quick Assessment Toolkit (GIQAT).

1.2 Release date

Version 2.2.0 of the GIQAT Survey has been released on the 25th of July 2024 on [EU Survey Portal](#).

1.3 Description

The GIQAT Survey is a highly user-friendly online questionnaire. Designed as a self-assessment tool, the GIQAT survey is designed for public service owners to evaluate **key governance interoperability** aspects of their digital public service. On completion of the survey, the public service owners receive tailored, confidential feedback and recommendations on how to further improve their service.

Details on the individual components of this release are provided in the below Chapter 2 “[Release components](#)”.

2 GIQAT v2.2.0 RELEASE COMPONENTS

The GIQAT v2.2.0 release consists of the following release components.

2.1 [GIQAT v2.2.0 Online Survey](#)

The GIQAT questionnaire is available as an online survey at the EU Survey portal. The following table presents the changes from the GIQAT release 2.0.0 to the GIQAT release 2.2.0.

Modification	Details
Version 2.2.0	
GIQAT URL at the EU Survey portal	<p>Date: May 2024</p> <p>The version 2.1.0 https://ec.europa.eu/eusurvey/runner/SIQAT_v_2_1_0 has been replaced by the version 2.2.0 https://ec.europa.eu/eusurvey/runner/GIQAT_v_2_2_0.</p>
Added Service Documentation and Knowledge section	<p>Date: May 2024</p> <p>The Service Documentation and Knowledge section has been added before the Introduction page as mandatory, in order to check if the provided answers can be elicited from the existing documentation of the digital public service.</p> <p>The following two items have been added to the Service Documentation and Knowledge section:</p> <ul style="list-style-type: none"> To what extent does the service utilise readily available documented knowledge in formal or informal tangible forms, such as manuals, guidelines, written procedures, FAQs, etc., that may be shared to explicitly support its functionality, maintenance and development? <ol style="list-style-type: none"> <i>The service does not have any available documented knowledge in explicit forms (functional requirements, technical design, user guide, manuals, etc.)</i> <i>The service has little available documented knowledge in explicit forms (functional requirements, technical design, user guide, manuals, etc.)</i> <i>The service has some available documented knowledge in explicit forms (functional requirements, technical design, user guide, manuals, etc.)</i> <i>The service has complete available documented knowledge in explicit forms (functional requirements, technical design, user guide, manuals, etc.)</i> To what extent does the service leverage insights gained through practical experience (tacit knowledge) of its respective stakeholders to support its functionality, maintenance and development? <ol style="list-style-type: none"> <i>The service cannot leverage practical experience (tacit knowledge)</i>

GIQAT version 2.2.0 release notes

	<ol style="list-style-type: none"> 2. <i>The service leverages in little practical experience (tacit knowledge)</i> 3. <i>The service leverages in some practical experience (tacit knowledge)</i> 4. <i>The service leverages in deep/high practical experience (tacit knowledge).</i> <p>These two items activate and disable all the sections in the GIQAT questionnaire without affecting the scoring. In case the first options of each of the two items are selected (“The service does not have any available documented knowledge in explicit forms” and “The service cannot leverage practical experience”), all the sections in the GIQAT questionnaire are disabled.</p>
Updated the item A4.4	<p>Date: May 2024</p> <p>The item “A.4.4 Please specify the email address of the provided service” has been updated as “A.4.4 Please specify the official email address of the contact point for the provided service” in the Service Identification section of the GIQAT questionnaire.</p>
Updated the item A5	<p>Date: May 2024</p> <p>The item “A5. Service provider: Which tier of public administration is primarily responsible for providing the service?” has been updated as “A5. Service provider: Which public administration tier is primarily responsible for providing the service?” in the Service Identification section of the GIQAT questionnaire.</p>
Updated the EIRA ABBs	<p>Date: June 2024</p> <p>The following updates on the EIRA ABBs have been implemented on the GIQAT questionnaire based on the alignment with new version of EIRA v6.1.0:</p> <ul style="list-style-type: none"> • The EIRA ABB on item “B1. To what extent does the service rely on legislation to regulate the peer-to-peer interactions?” has been updated from “Digital Public Service” to “Legislation on Data Information and Knowledge Exchange”. • The EIRA ABBs on item “B2. To what extent does the service rely on a shared legal framework to regulate the collaboration with internal/external peers exchanging data, information or knowledge?” have been updated from “Digital Public Service”, “Shared Legal Framework” and “Knowledge” to “Legal Interoperability Agreement”. • The EIRA ABB “Digital Public Service” has been removed from item “B3.1 Does the service rely on a data owner?”. • The EIRA ABB “Digital Public Service” has been removed from item “B3.2 Is the data owner of the service also the owner of the solution?”. • The EIRA ABB “Digital Public Service” has been removed from item “B4. To what extent are the data owners of the service responsible for overseeing and protecting a data domain?”.

- The EIRA ABBs on item *“B5. To what extent are defined in the service the structures to ensure the functioning and implementation of an interoperability framework?”* have been updated from “Digital Public Service”, “Digital Governance” and “Interoperable Digital Solution” to “Digital Governance Plan” and “Interoperability Framework”.
- The EIRA ABBs on item *“B6. To what extent are defined in the service the roles to ensure the functioning and implementation of an interoperability framework?”* have been updated from “Digital Public Service”, “Digital Governance” and “Interoperable Digital Solution” to “Digital Governance Plan” and “Interoperability Framework”.
- The EIRA ABBs on item *“B7. To what extent are defined in the service the responsibilities to ensure the functioning and implementation of an interoperability framework?”* have been updated from “Digital Public Service”, “Digital Governance” and “Interoperable Digital Solution” to “Digital Governance Plan” and “Interoperability Framework”.
- The EIRA ABBs on item *“B8. To what extent are defined in the service the policies to ensure the functioning and implementation of an interoperability framework?”* have been updated from “Digital Public Service”, “Digital Governance” and “Interoperable Digital Solution” to “Digital Governance Plan” and “Interoperability Framework”.
- The EIRA ABBs on item *“B9. To what extent are defined in the service the standards to ensure the functioning and implementation of an interoperability framework?”* have been updated from “Digital Public Service”, “Digital Governance” and “Interoperable Digital Solution” to “Digital Governance Plan” and “Interoperability Framework”.
- The EIRA ABBs on item *“B10. To what extent are defined in the service the specifications to ensure the functioning and implementation of an interoperability framework?”* have been updated from “Digital Public Service”, “Digital Governance” and “Interoperable Digital Solution” to “Digital Governance Plan” and “Interoperability Framework”.
- The EIRA ABBs on item *“B11. To what extent are defined in the service the practices to ensure the functioning and implementation of an interoperability framework?”* have been updated from “Digital Public Service”, “Digital Governance” and “Interoperable Digital Solution” to “Digital Governance Plan” and “Interoperability Framework”.
- The EIRA ABBs on item *“B12. To what extent are defined in the service the decision-making and operational procedures to ensure the functioning and implementation of an interoperability framework?”* have been updated from “Digital Public Service”, “Digital Governance” and “Interoperable Digital Solution” to “Digital Governance Plan” and “Interoperability Framework”.
- The EIRA ABBs on item *“B13. To what extent are defined organizational agreements that identify the parties' roles in the service?”* have been updated from “Digital Public Service” and

- “Organisational Interoperability Agreement” to “Organisational Interoperability Agreement” and “Digital Governance Plan”.
- The EIRA ABBs on item “B14. To what extent are defined organizational agreement that identifies the parties responsibilities in the service?” have been updated from “Digital Public Service” and “Organisational Interoperability Agreement” to “Organisational Interoperability Agreement” and “Digital Governance Plan”.
 - The EIRA ABBs on item “B15. To what extent does your service rely on a shared governance framework, with convergence power, in relation to public policy goals attainment?” have been updated from “Digital Public Service”, “Shared Governance Framework” and “Public Policy” to “Shared Organisational Content”.
 - The EIRA ABBs on item “B16. To what extent are semantic agreements in place in the service, for the definition of the data structure, model and semantics formats?” have been updated from “Digital Public Service” and “Semantic Interoperability Agreement” to “Semantic Interoperability Agreement” and “Semantic Agreement”.
 - The EIRA ABBs on item “B17. To what extent is your service formed by usable data, information and knowledge resources?” have been updated from “Digital Public Service” and “Shared Knowledge Base” to “Shared Knowledge Content”.
 - The EIRA ABBs “Digital Public Service” and “Technical Agreement” have been removed from item “B18. To what extent technical agreements regulate the peer-to-peer interactions and define rules for the exchange/use of information with the purpose of guaranteeing collaboration in the service?”.
 - The EIRA ABB “Digital Public Service” has been removed from item “B19. To what extent are shared platforms in place for regulating the collaboration with internal/external peers exchanging data, information or knowledge in the service?”.
 - The EIRA ABBs “Digital Public Service” and “Solution Specification” have been removed from item “C1. To what extent is the service compliant with an existing quality assurance documentation on standards and specifications?”.
 - The EIRA ABB “Digital Public Service” has been removed from item “C2. To what extent is the service compliant with an existing quality assurance documentation on how to achieve interoperability?”.
 - The EIRA ABB “Digital Public Service” has been removed from item “C3. To what extent is the service compliant with an existing governance methodology on the protection of data, information, and knowledge?”.
 - The EIRA ABB on item “C4. To what extent is the service compliant with an existing quality assurance documentation on confidentiality of data, information, and knowledge?” has been updated from “Digital Public Service” to “Privacy Framework”.
 - The EIRA ABB on item “C5. To what extent is the service compliant with an existing quality assurance documentation on the use of data, information, and knowledge?” has been updated from “Digital Public Service” to “Agreement on Data Sharing”.
