Agreement is flawed

Complexity

We reinvent the wheel

- Contract language
- Reporting
- Compliance

Costs

We accept burdens

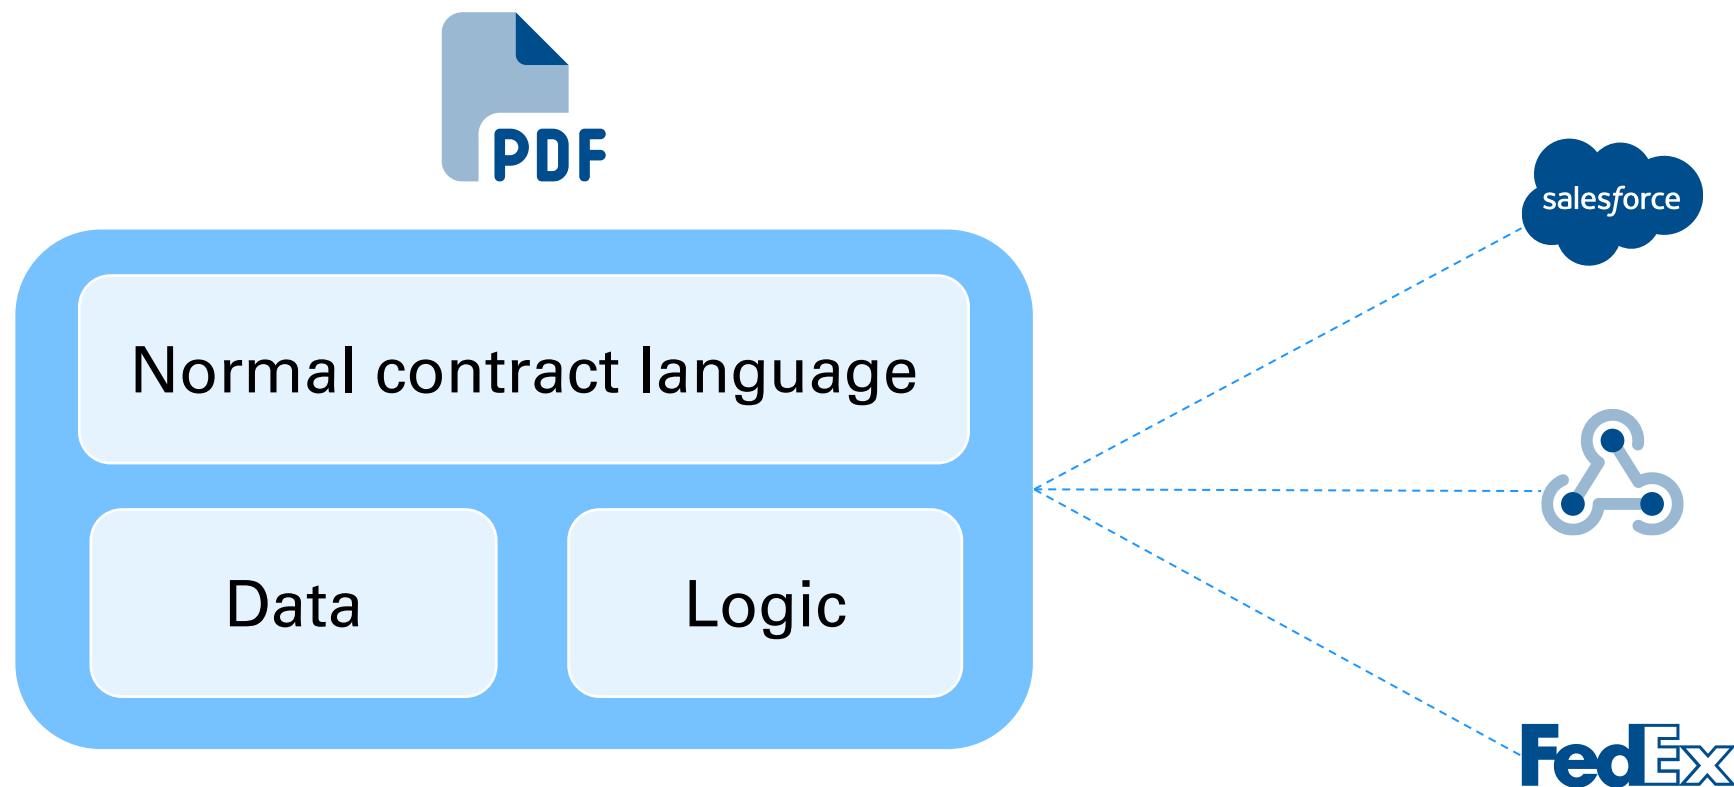

- Exorbitant fees
- Long negotiations
- Slow processes

Fraud + Waste

We lack insight

- Supply chain
- Sustainability
- Financial flows

Agreement evolved

Combine Smart Legal Contracts

The contract is truth

Reduced costs

Eliminate tools, middle-men

End to end encrypted Open

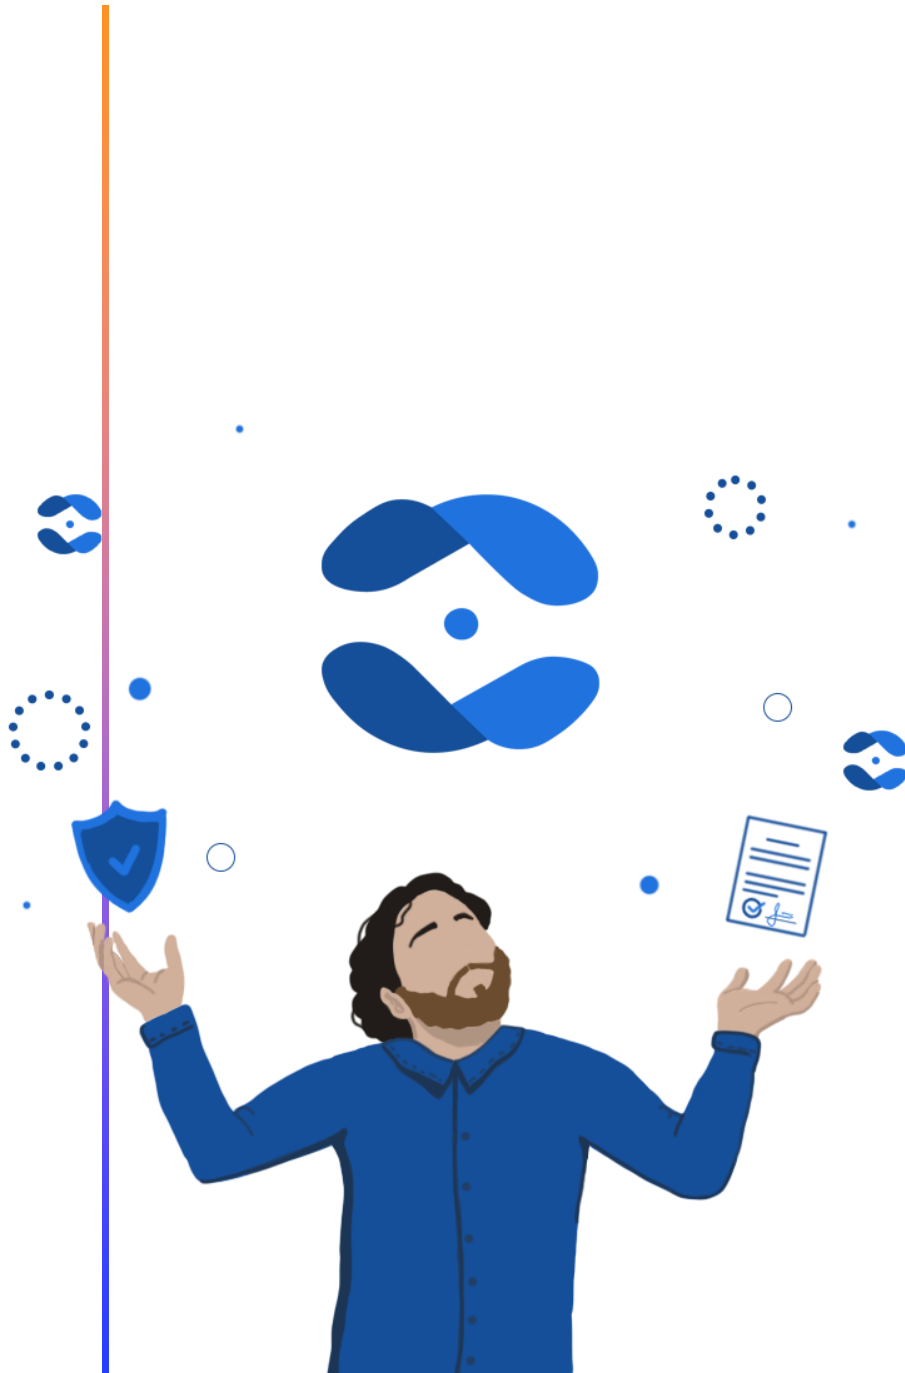

Open source, you control your data
Data isolated to US or EU

Open Source

Operational - Open Core / Open Source Authorized

GDPR-compliant

Procurement

- Improve fraud resistance
- Emissions supply chain built-in

Federated AI/ML

- Improve AI/ML data quality across parties safely
- Reduce energy costs by up to 80%

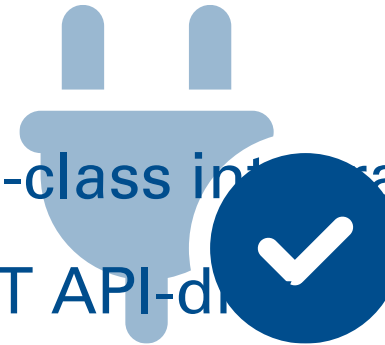

We're looking for

Pilot Projects

- Sustainability tracking
- Financial information
- AI/ML management

Vendor Integrations

- First-class integration
- REST API-driven
- Developer friendly
