

Digital Public Administration infographic 2022 Slovenia

Highlights

Political Communications

An emerging digital health strategy, Strategy for Digitalisation of the Slovenian health system 2022-2027, is being developed within the project eHealth for a healthier society under the framework of the structural reform programme (SRSP).

Legislation

In February 2022, the [Promoting Digital Inclusion Act](#) was adopted by the National Assembly, aiming to raise awareness of the benefits of using digital tools and promote interest in technical knowledge, especially in the field of digital technologies.

Governance

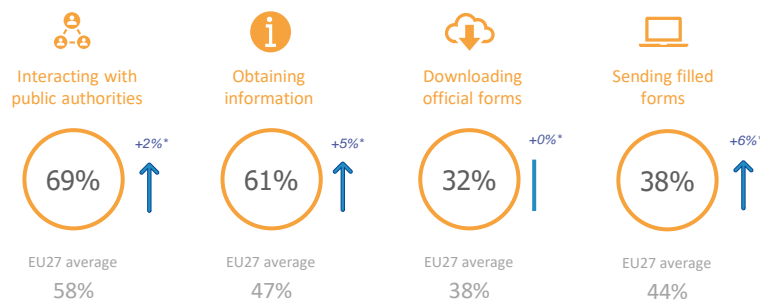

In August 2021, the [Government Office for Digital Transformation](#) was established with the aim to accelerate digital transformation of the country. In January 2022, the Directorate of information society has joined the Government Office for Digital Transformation.

Infrastructure

In 2022, a new electronic identity card and new app-based mobile identification means will be introduced and the eDelivery will support the delivery in a simplified way according to the new Law on De-bureaucratisation.
