Reusability	
Landscape	<p>The diagram illustrates the reusability landscape with a vertical axis for 'Domain Specific' (bottom) to 'Domain Agnostic' (top) and a horizontal axis for 'High adaptation effort' (left) to 'Plug and Play' (right). A legend indicates three types: Framework (brown circle), Service (yellow circle), and Tool (purple circle). A blue shaded region represents the 'reusable' area, divided into 'cross-sector' (top) and 'cross-border' (bottom) by a horizontal dashed line. The 'inspirational' area is to the left of the reusable region, and the 'usable' area is to the right. ES08 is positioned as a brown circle in the 'inspirational' area, above the horizontal dashed line, indicating it is domain-agnostic but requires high adaptation effort.</p>
