interoperable europe Academy

interoperable europe Community

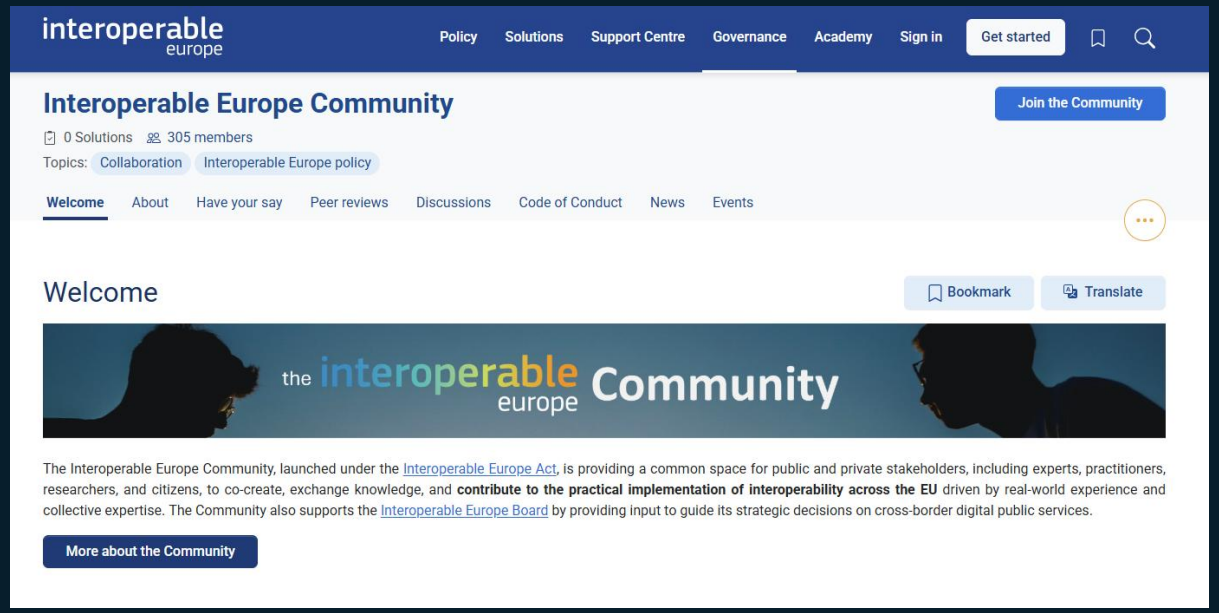
A Community of communities

The Act foresees these main **activities** of the Interoperable Europe Community:

- Supporting the Interoperable Europe Board
- Becoming a Community member
- Membership status
- Membership benefits
- Annual online assembly
- Code of conduct

How to contribute to the Community

interoperable europe Community



https://interoperable-europe.ec.europa.eu/collection/community

The Community space offers you the possibility to **connect, share, and contribute** to the development of *seamless digital public services across borders*.

interoperable europe Community

How can you contribute?

- Consultation on the Interoperable Europe Agenda.

- A voluntary mechanism to be established for the purpose of facilitating cooperation between public sector bodies.

- For all members to create and shape relevant discussions on topics of interest.

- Annual Assembly of the Interoperable Europe Community.
- Community Talks.

Thank you!
