Step 2: Participate in 'International Cyber Lab at the Black Sea, tbc May 2021 in Vama Veche, Romania.

## About

From 2021, the first edition of the International Cyber Lab at the Black Sea (#CyberLabBlackSea) will take place in Vama Veche, Romania. By participating in the Cyber Lab one will go through an intense programme that allows participants to gain practical understanding of cyber security. During the Cyber Lab, participants will experience gamified learning, namely work on challenging hands-on cases provided by experts from international organisations.
