

D1- A set of competency questions and their SPARQL expression.

Deliverable D1: A set of competency questions and their SPARQL expression.

Monica Palmirani, University of Bologna, ALMA-AI
April 2024

Introduction

This deliverable is composed of three competency questions and their SPARQL expression.
We use the dataset in the attachment and the online service: <https://atomgraph.github.io/SPARQL-Playground/>

Query #1

Give all the requests that has frequency, with the following information.
The text and URI of the request.
The action(s) connected.
The agent(s) connected.
The value of the frequency.
The time of the starting the frequency.

Commission shall review the provisions concerning its implementing powers and present a report to the European Parliament and to the Council on the functioning of those powers. The report shall examine, in particular, the need for the Commission to propose amendments to this Directive in order to ensure the appropriate scope of the implementing powers conferred on the Commission. The conclusion as to whether or not an amendment is necessary shall be accompanied by a detailed statement of reasons. If necessary, the report shall be accompanied by a legislative proposal to amend the provisions conferring implementing powers on the Commission.
